

2023 MATES STEM Summer Experience

A week can consist of the following:

- Catch & Identify Barnegat Bay Organisms
- Birds, Reptiles and Marine Mammals
- Salt Marsh Ecology and Habitats
- Bottom-Dwelling Organisms (Benthos)
- Conduct Proper Sampling Methods including Seining on a Boat on Barnegat Bay
- Cultural and Natural Aspects of the Pine Barrens
- Freshwater Sampling and Organisms
- Causes and Ways to Improve Human Impacts on the Barnegat Bay Ecosystem
- Wildlife and Freshwater Fish
- Kayak on a Bay Tributary
- Nature Trails and Fire Ecology
- Applications of technologies in the field and through research studies.

Dates of the MATES Summer Experience

All times are 8:00 AM to 3:00 PM

Session 1: July 10–13

Session 2: July 17–20*

Session 3: July 24–27

Session 4: July 31 – Aug. 3

This experience is open to MATES students (Incoming Class of 2027 members) and the first three weeks are open to rising 7th, 8th and 9th grade students. Instruction will be by our MATES and our experienced summer instructors. The program is designed to provide field opportunities and hands-on experiences that make it STEM exciting!

Marine Academy of Technology and Environmental Science

2023 STEM Summer Experience

Experience Barnegat Bay this summer through this interactive field experience.

“A hands-on STEM Program for middle and high school students“

The Marine Academy of Technology & Environmental Science (MATES) is a school within the Ocean County Vocational Technical School District. Established in the fall of 1994, the program is open to high school students throughout Ocean County. Qualified students can also earn college credits through two local colleges. MATES graduates usually pursue careers in the natural science fields, medicine and engineering by attending competitive colleges. This active program focuses on major concepts and requires a motivated, enthusiastic learner. It is supported by numerous marine and environmental experts, engineers, health professionals, agencies, and learning institutions throughout the east coast.
